1. I appreciate your incorporation of my concerns in your letter to Congressman Dave McCurdy. Your comments adequately sum up our concerns. The only comment I have is, in Paragraph 4 of memorandum, you could have mentioned the problem of aggregation. That is, the number of security plans submitted to NSA, NBS, and GSA over a period of time could, in fact, become classified and extremely revealing as to the way the Agency conducts business.

2. Again, I think your letter is very good and covers our concerns. The above comment is made only as a suggestion.
